Grants are a great source of funding to support your next project. Whether you are looking to refine your proposal-writing skills or have never written a grant proposal, The History Foundation is here to help.

Led by Dr. Charlene Porsild, this grant writing workshop will offer specific step-by-step tools and practical tips and tricks for developing winning proposals. Make sure your next project gets the funding it deserves!

The History Foundation awarded over \$121,000 in grants to history-related projects in Montana in 2018.
